Product Summary

Bio 5 Piece set includes regen capsules, relax capsules, cleanser, serum, night cream plus free bio travel bag.

Product Description

BIO - Beautiful Inside & Out.]

Purium and owner/formulator David Sandoval is proud to bring you the cleanest, most effective skin care system on the market. You won't find another system that addresses the internal and external causes of skin aging, and since it is Purium, you will never have to worry about harmful ingredients. We sought out 5 levels of purity when pioneering our ground-breaking bio skin care system in order to make sure it was the cleanest and most effective on the market. *]Enjoy noticeable results or get your money back. Experience true skin rejuvenation...from the inside out! Set includes regen (capsules), relax (capsules), cleanser, serum, and cream plus FREE bio travel bag.

regen (capsules) - Effectively accelerate the regeneration, rejuvenation, and rehydration of emerging skin cells for younger, fresher, less damaged skin as it emerges on the surface. Our proprietary blend of 200x organic aloe concentrate, astaxanthin and all-natural super oxide dismutase is unlike anything else on the market today.

cleanse - Cleanse, exfoliate, purify, and refine your skin with our gentle, refreshing

scrub. Achieve a fresh youthful complexion and eliminate old skin cells and toxins with a combination of astaxanthin, jojoba, orange peel, superoxide dismutase and other natural ingredients.

serum - Time is on your side with our advanced skin regenerating and wrinkle-reducing serum. Erase years off of your visible age using our unique, time-released moisture and nutrient delivery system. Reduce fine lines, age spots, and wrinkles, while lifting, firming, and brightening your entire face using this blend of superoxide dismutase, CoQ10, sodium hyaluronate, and jojoba.

cream - A rich, intensive moisturizer that helps to renew, refine, and rejuvenate your skin. Reduce sun damage and the effects of cellular aging. Lock in moisture and improve skin texture without synthetic chemicals. Our night cream utilizes the reparative and restorative properties of sweet almond oil, rosehip oil, ginseng, evening primrose oil, grapefruit cell extract and vitamin C to help regenerate youthful skin while you sleep.

relax (capsules) - Billions of dollars each year are spent trying to relax the facial stress and skeletal tension that cause age lines and wrinkles. Purium has developed an all-natural, healthy alternative to needles and doctor visits. This formula provides for deep restful sleep and tension relief while awake. It includes tart cherries, organic passiflora, organic cranberries, kava root and hyaluronic acid.

***Our Safety and Purity Standards]**

We began with a panel of hand-picked skin care experts who identified the world's most effective skin rejuvenating ingredients. Then we applied Purium's safety and purity standards. Thousands of ingredients fell by the wayside during the process. We used the database of the non-profit, non-partisan Environmental Working Group (ewg.org/skindeep) which includes more than 69,000 skin care products and ingredients. Only the ingredients that meet their highest safety standard ("green") were considered. All other ingredients were immediately removed from consideration. Then we cross-checked against the standards of Whole Foods market. Any ingredients that Whole Foods would not allow, we also omitted. But we weren't done. We then referenced the California Safety Standards database as well as a separate chemical toxin database that eliminated even more ingredients. Once

every ingredient passed these four screenings, Purium owner and formulator David Sandoval conducted a fifth and final review.
